***NOTICE:** Under Ohio Revised Code Section 6111.04, the State of Ohio considers it illegal to dispose of any non-EPA approved antifreeze into Ohio waters. Anyone intending to do their own winterization must either use EPA approved antifreeze or make arrangements to legally dispose of this material. You may face a significant fine if this material is introduced into Ohio waters when your boat is launched and started. Dusty's Landing uses only EPA approved antifreeze.

PLEASE COMPLETE AND RETURN

I have read this agreement and _____
 Consent to the work checked above. Signature Date

1. Dusty's Landing shall remove boat from the water on haul-out date shown on front page, or as soon as possible thereafter; shall provide storage for it to the following May 1; shall launch it as provided in Section 3. Haul-out date shall not be later than November 15 unless other arrangements are made with the Marina Management.
2. Dusty's Landing shall not be responsible or have any liability for any loss or damage to boat (including tools, accessories or equipment) or any personal belongings of Owner or other occasioned by theft, fire, cyclone, flood, windstorm, snowstorm or other cause beyond the reasonable control of Dusty's Landing; and Owner shall cover said risks by insurance without any right of subrogation against Dusty's Landing. Furthermore, Dusty's Landing will not be liable for any damage caused by freeze.
3. Boat will not be launched before all storage, dockage, repair and other charges at the Marina are paid. Boat will be launched on or about May 1 in approximately the inverse order in which it was stored. An earlier launching date will be made if practicable, in the discretion of the Marina; provided that if other boats must be moved to make an earlier launching, the costs of moving shall be paid by Owner. If a later launching is desired, Owner shall pay the cost of moving other boats which may be necessitated thereby and the cost of moving boat, if required.
4. Boat must be ready for launch by June 1.
5. No person, other than Owner, shall work on boat at the Marina during the storage period without the prior approval of the Marina and such work shall be done during regular working hours of the Marina and at the full responsibility of Owner. All persons employed by Owner on boat shall be acceptable to the Marina.
6. In the event of an emergency, Dusty's Landing shall have the right to move boat to any other available location.
7. Owner shall furnish to the Marina a set of keys to the boat for haul-out and launching purposes.
8. Storage cradle may be provided by Owner.
9. Owner, his agents, employees and guests shall comply with all rules and regulations established by Dusty's Landing and shall not engage in immoral or illegal activities at the marina, which are in violation of any city, county, state or federal law or ordinance.
10. Electrical and water hookups in storage areas will not necessarily be provided by the Marina.
11. Location of boat in storage area will be at the discretion of Dusty's Landing Management.
12. All batteries must be removed or disconnected from boat during winter storage.
13. This agreement must be signed by Owner and returned to the Marina.
